

# 3 Year Annual Dental Program

*An annual dental can help prevent your pet from...*

- Experiencing severe discomfort/pain due to oral abscesses
- Organ complications caused by periodontal disease
- Loss and wearing of teeth
- Halitosis- BAD BREATH

*Also, maintaining your pet's oral health should save you money by avoiding major dental treatment needed for advanced periodontal disease!*

## **Qualifications:**

1. Patient is up to date on annual vaccines/tests through *Highway 30 Veterinary Clinic.*
2. Client commits individual patient to annual dental for the years of 2021 – 2023.
3. Annual dentals #2 & #3 completed within 13 months of previous annual dental.
